Team Updates

After wrapping up Capital City Classic, our team is resuming normal team operations. We are continuing to work on ModBot and our outreach efforts including the FLL Qualifier and CAP.

Team Updates

Capital City Classic

Team Strategy Meeting

At the end of October, we were able to co-host Capital City Classic, an offseason robotics competition, alongside 1678 Citrus Circuits and 3859 Wolfpack Robotics. We ended qualification matches in 8th place with a record of 7-1-0 and was the 1st pick of the 4th alliance alongside 1425 Error Code Xero and 3859 Wolfpack Robotics

Robot Testing in the Pits

Robot Racing Across the Field

Outreach Updates

Connect-Assist-Play (CAP)

Building a Popsicle Stick Catapult

We held a pilot session for CAP to test different activities and gain insight on potential improvements. We invited two local kids, their parents, and our school's special education teacher to our shop to try out the activities we created. The activities included building a catapult, experimenting with gear ratios, modifying electrical circuits and playing with mini bots.
