## Team Updates

As we approach the upcoming season, our new members have worked through our technical curriculum in preparation for building a new robot. We also held a Mock Kickoff event that was themed after a prior game challenge to give everyone a preview of what Day 1 of the 2024 Season Competition will involve: learning the rules of the new game, identifying a competitive strategy, and designing a new robot.

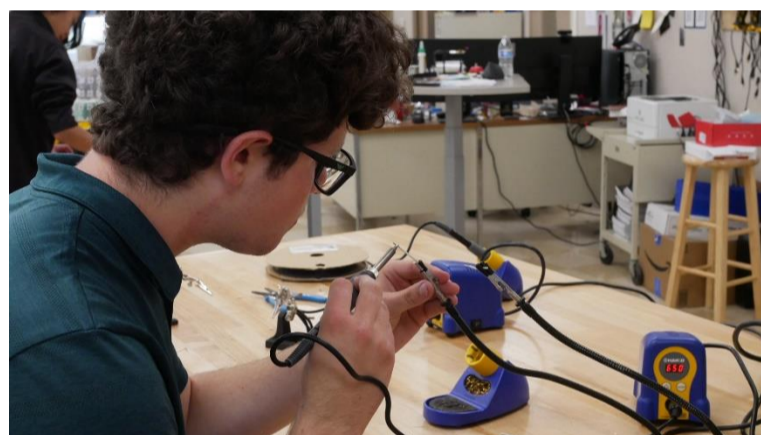

## Team Updates

## Technical Updates

Double-Jointed Arm

Our team has continued progress on the Mod-Bot, almost completing the double-jointed arm mechanism. Alongside that, we have started our electrical lessons to find members for the electrical sub-team.

## Outreach Updates

## PGHS NorCal FLL Qualifier

Robot Demo

Our team hosted and ran the NorCal FLL Qualifier on November 12<sup>th</sup> which had 24 teams compete. The team also held shop tours, mini-bot activities, a Q&A session, and a robot demonstration during the event.
